fun easy to access guide is full of useful information tips and checklists that will help you lead manage or participate in any business at a high level of competence you’ll find out how to use databases to your advantage recognize and reward your employees analyze financial statements and understand the challenges of strategic planning in a global business environment you’ll also learn the basic principals of accounting get a grip on the concepts behind stocks and bonds and find out how technology has revolutionized everything from manufacturing to marketing discover how to know and respond to your customers needs handle budgets and forecasts recruit and retain top people establish and run employee teams use sarbanes oxley to your company’s advantage negotiate with the best of them build long term relationships with clients avoid common managerial mistakes improve cash flow market your products and services make the most of your advertising dollar once you know what an mba knows the sky’s the limit read the complete mba for dummies 2nd edition and watch your career take off a step by step guide to mastering the skills taught in america’s top business schools by reading one easy to understand chapter a day readers can absorb the material speak the language and most important acquire the confidence and expertise needed to get ahead in today’s competitive business world cartoons graphs mba math more provides expert academic support you need for all the key material especially the math that you’ll see in your first year of business school after all the hard work you’ve finally gotten accepted to business school but you’re worried about the school part of b school especially the math of statistics finance accounting and so on or maybe you’ve already started your program and your head is spinning statistical distributions are brutal on their own and they’re even harder when you’re also schmoozing recruiters and tackling all the other challenges of your mba program mba math more will be your go to academic guide throughout your first year of business school armed with top shelf mbas and years of gmat teaching the authors
have drawn on their own experiences and those of hundreds of other MBA students to craft straightforward reviews of all the key concepts. The math is explained simply with plenty of easy to follow diagrams and concrete examples. At last, you'll feel like you really get how the discount rate affects the price of a bond along with dozens of other challenging ideas at the heart of B-school programs. The book even includes a glossary of need-to-know jargon so you won’t feel lost when classmates start slinging around acronyms. Micro MBA focuses on accounting, economics, marketing, human resources, operations, finance and gives the core curriculum of subjects usually present in an MBA program. This book presents the key concepts to all those pursuing a managerial career in the technological and engineering industry. On principles, strategies, models, techniques, methodologies, and applications in the business area. For non-economists, anyone who has ever wished they attended a top ten MBA school now has an alternative. Silbiger's The 10 Day MBA distils the basics of a top MBA programme. It's interesting, informative, and certainly cheaper. I recommend it. Tom Fischgrund, author of the Insider's Guide to the Top Ten Business Schools, a business classic. The 10 Day MBA provides an invaluable guide for all the people who do not have the time or resources to take a full-time business degree or who require a short revision aid internationally acclaimed. This carefully structured and easy-to-read course will enable you to understand the concepts and jargon used in the business world without having to leave your desk. Here is your chance to become familiar with the key tools and theories taught at Harvard and Stanford and other leading business schools in just ten days. Learn an entire MBA course without spending thousands and waving goodbye to two years of your life. If you want to succeed in business, then an MBA programme is the best way to build expertise, knowledge, and experience. But an MBA programme at any top school is an enormous investment in time, effort, and money. In the Visual MBA, Jason Barron offers a radical solution explaining all key business school concepts through illustrations.
when barron started his mba course he decided to draw all his notes so that other people could benefit from them and it's a good thing he did because research shows that more than 65 of us are visual learners and that our brains process illustrations 60,000 times faster than text from marketing ethics and accounting to organisational behaviour finance operations and strategy the visual mba distils the most important principles of an mba into an accessible informative and easily digestible guide jason barron is a product manager and illustrator who helps people realise their creative ideas through visual learning he spent 516 hours in class and countless hours studying at home completing his mba along the way rather than taking notes that he would never read again jason created sketchnotes for each class and has turned them into an interesting and engaging resource so that you don't have to sit through another class again the fast forward mba pocket reference second edition more comprehensive and convenient than ever when the success of your business hangs in the balance you need reliable authoritative information immediately you need a resource that covers all the corporate bases communications management economics strategy accounting finance marketing and more you need the fast forward mba pocket reference second edition packed with information designed to serve all your business needs this handy highly readable book is the ultimate companion for those moments when you need to put your finger on the right advice at the right time now this updated and revised second edition offers clear concise coverage of the complete range of essential business topics in a handy format you'll find all the latest cutting edge ideas including new developments in technology strategy and branding as well as key terms tools and topics in short lively entries that give you all the information you need the portable mba the fast forward mba the compact business companion you'll use every day keep up with the newest ideas in business brush up on the basics you can't do without find direct practical answers to complicated problems this book describes the essentials of the
